Sub: General Strike – 29 March 2012 in Basque

Dear Comrade,

Thank you for your information and a background note for the General Strike on 29 March'12. On behalf of 6 million members of our trade union wish you a hearty congratulations and wish full success for the general strike on 29 March'12.

The background notes explain anti-labour reforms including right to dismiss workers – a product of neo-liberal anti-worker regime and we fully stand by the correct stand taken by your trade unions and express our fullest solidarity with your action.

We wish these struggles and the General Strike a unique success.

With warm greetings,

Comradely yours,

SUKOMAL SEN
Senior Vice-Chairman
